

A note from our chef

At Pinoccio's, we pride ourselves on providing good service and great value with our high quality, fresh food.

Since we prepare our meals using the freshest ingredients available, there may be a short delay whilst we prepare your food for you. We ask that you remain patient whilst we are busy.

On our part, we will endeavour to keep you informed of any hold ups before you order but we may be unable to be specific in timings since this will depend on what you and fellow customers choose to order.

Should you desire one of our menu options presented in a different manner, then please feel free to ask and we will try to accommodate your request. Please note, however, that our ability to do so may be limited at busier times.

Booking is advisable to help minimise such potential hold-ups. Bookings can be made on 952 561 989 or 608 620 908 or email us at bookings@pinocciosbar.com

We ask please that groups of 8 people or more pre-book a table since this will help us to fit your group onto the terrace and to deliver a better experience for all of our customers.

Private parties and functions are also catered for at Pinoccio's.

Thank you from all of us at Pinoccio's
